Baton Rouge Women's Tennis Assoc.
38020 Seven Oaks Ave
Prairieville, LA 70769-4362

To Baton Rouge Women's Tennis Assoc.:

We would like to take this opportunity to thank you for your recent contribution of \$250.00 to the Cystic Fibrosis Foundation. We truly appreciate your commitment to improving the lives of the 30,000 children and adults with cystic fibrosis in the U.S.

Since opening its doors in 1955, the CF Foundation has made significant strides by improving the length and quality of life for many battling cystic fibrosis. Sixty years ago, children with CF usually did not live long enough to attend elementary school. Today, because of Foundation-supported research and care, the median survival age of people with CF is about 40. Yet there is still no cure and lives are cut far too short. Together, with persistence and dedication, we will defeat cystic fibrosis.

Please know how much your gift means to us. Your contribution helps accelerate our progress in the fight against CF.

With kind regards,

Maureen A. Fraser
Senior Vice President, Field Management
